SUPPORT TO EDUCATIONAL INSTITUTIONS CONTINUES

Thanks to the donation from LUKOIL SERBIA, all the classrooms and the assembly hall of the Kosta Manojlović Music School have been equipped with new chairs. This school is named after the famous Serbian musicologist, composer, founder and first rector of the Music Academy in Belgrade and has a tradition in education that has been in place for more than 80 years. In this way, LUKOIL SERBIA continues to provide support to educational institutions through its program of socially responsible projects in the fields of science, culture, sports, ecology and social support.
