LUKOIL SERBIA PROVIDED THE FUEL NEEDS OF A "CHILD'S HEART" FOR SIX MONTHS

The LUKOIL SERBIA company provided 1,200 liters of high-quality ECTO diese fuel for the six-month needs of the humanitarian organization "Dečje srce" for transporting beneficiaries, persons with developmental disabilities, to camps, work and development centers throughout Serbia. This donation is a continuation of the cooperation started in 2021. Over the course of six years, LUKOIL SERBIA became a sponsor of various programs, such as the "School of Life Skills", the "School of Parenting", the work center "Zvuci srca" in Belgrade, as well as the rural household in Vrčin.

"Dečje srce" has been providing continuous support to people with developmental disabilities and their families for 25 years, with the aim of improving their quality of life, developing independence and active inclusion in the social community. It works with 1,562 families on a daily basis and provides the services of Personal companion of the child, Help at home, Housing with support. "Dečje srce" has developed a model of employment for young people with disabilities through the "Zvuci srca" cafe and work center program. The model is spread throughout the territory of Serbia in: Belgrade, Pančevo, Subotica, Novi Sad, Niš and Zlatibor. Over 7,000 children and young people with developmental disabilities from all over Serbia have attended the life skills school as an independence program for 25 years.
